

# Index

## A

Abdomen, peritoneum, and omentum  
sub-section of surgery, 151–152

Abortion, 179

Accessory sinuses, endoscopies of, 112

Accounts receivable (A/R) management,  
384–386

aged accounts receivable and claims

follow-up for, 384–385

appeals process in, 385–386

definition of, 384

denial management as part of, 385

tracking amounts using days in accounts  
receivable for, 384–385

Accreditation Association for Ambulatory  
Health Care (AAAH), 3

standards for basic elements of health  
records set by, 8–9

Accreditation organizations and standards, 3

Accredited Standards Committee (ASC) X12  
Electronic Data Interchange (ASC X12)  
transaction and code set standards, 379

Acellular dermal grafts, 85

Acellular xenogeneic implant, 85

Acupuncture, 289

ADA Dental Claim Form, 303

Add-on codes

for anesthesia, 40

for angiосcopy during therapeutic  
intervention, 131

for computer-assisted, image-guided  
navigation, 113

for coronary artery blocked vessels, 275

for critical care services, 336

for electrode arrays, 185

for iliac artery angioplasty, 135

for intravascular ultrasound, 276

for mammography, 225–226

for photodynamic therapy, 286

for placement of adjustable suture during  
strabismus surgery, 203

plus symbol (+) to designate, 14, 74

for previous eye surgery, 203

for qualifying circumstances for  
anesthesia, 291

for surgery, 73–74

for veins harvested for bypass grafts, 128

for vertebral levels in rhizotomy, 191

Additional codes

for additional tissue block from same  
specimen, 252

for application of stereotactic headframe,  
185

for arthrodesis, 100

for audiometric tests, 271

for breast procedures, 88

for cardiac catheterization, 273

for cardiovascular myocardial perfusion  
and cardiac blood pool imaging  
studies, 231

for injections, 265, 266, 283–286

for intracardiac echocardiography during  
therapeutic/diagnostic intervention, 273

for multiple vessels in procedure, 275

for operating microscope for surgical  
services, 203

for physician standby services, 342

for reconstruction procedures on ear, 203

for skin grafts in addition to primary  
procedures, 85

for spinal instrumentation, 101

when to use, 29–30

Additional procedures, separate codes for, 74

Adenoidectomy, 146–147

Adjacent tissue transfer or rearrangement, 84

Administration of contrast materials, 234

- Administrative law judge (ALJ) hearing for reimbursement decision, 386
- Advance beneficiary notice (ABN), 374
  - modifiers for, 374, 376
- Aged accounts receivable, 384–385
- AHA *Coding Clinic for ICD-10-CM*, 10
- ALJ hearing. *See* Administrative law judge (ALJ) hearing for reimbursement decision
- Allergen immunotherapy, 281
- Allergy and clinical immunology, 280–281

  - CPT code book first developed by, 10
  - E/M service documentation guidelines by CMS (HCFA) and, 310
  - revisions of CPT code book by, 10
- American Society of Anesthesiologists (ASA)
  - ranking system of, 40
  - time units and relative values system of, 43
- Amount and/or complexity of data to review for medical decision making, 317
- Anastomosis
  - arteriovenous, 134
  - of multiple-vein segments, 131
  - preparation of artery for, 131
  - in stomach, 147
- Anatomic pathology
  - consultations for, 247, 251–252
  - physician services for, 249
- Anesthesia, general, ophthalmological
  - examination performed under, 270
- Anesthesia section, 18, 37–52
  - codes used in reporting qualifying circumstances in, 42
  - format and arrangement of codes in, 38
  - modifiers for, 39–41
- Anesthesia services
  - anesthesia package for, 39–40
  - fees for, calculating, 43–44
  - medical direction of, Medicare and Medicaid coverage of, 44–45
  - qualifying circumstances for, 42, 291
  - regional, as separate from surgical package, 171
  - steps in coding, 42–43
  - team approach for providing, 44
  - time charges for, 43–44
- Anesthesia types included and not included in surgical package, 71
- Anesthesiologist assistant (AA), 38–39
  - time charges for, 43
- Aneurysm, 137
  - abdominal aortic, 131
- Angiography, 224
- Angioplasty
  - balloon, 275
  - iliac artery, 135
  - transluminal, 120, 275
- Angioscopy, 131
- Antepartum and/or postpartum care only, 177–178
- Anterior segment of eye, 195, 196–198
- Anus, surgery on, 149
- Appendectomy, 148
- Aqueous shunt to extraocular reservoir, 196
- Arterial catheterizations, 131–132
- Arteriogram, 137
- Arteriovenous fistulas, 134
- Arthrodesis codes, 100
- Arthroscopies, diagnostic and surgical, 105–106
- Atherectomy, 275–276
- Attorney–client privilege, 424–425
- Audiologic function tests, 203, 271
- Audiometry, 203
- Audit
  - to analyze coding information, 419
  - attorney–client privilege for completing, 424–425
  - baseline, physician office, 433
  - conducting, 311, 425–427
  - determining size of sample for, 426
  - factors that trigger, 424
  - following up, 426–427
  - identifying need for, 424
  - preparing for, 424–425
  - steps in performing, 425–426
  - steps in performing internal, 425–426
  - time required to complete, 426
- Audit tool to assess quality of coding, 419
  - based on 1995 guidelines, 419, 421–422
  - based on 1997 guidelines, 419, 423
- Auditory system subsection of surgery, 199–203

- Autograft (autologous) skin graft
  - definition of, 84
  - tissue cultured skin in, 85
- B
- Bad debt write-off, 384
- Balanced Budget Act of 1997 (BBA), 376
- Bariatric surgery, laparoscopic, 147–148
- Bell curve graph, 400
- Benign lesions, 80–81
- Biliary tract, 141, 149–150

  - claim form convention for separating codes from, 54
  - index of, 64–66
  - types of, 54–65
- Modifiers, anatomical
  - assigned to digits, list of, 75, 293
  - for breast procedures, 88, 89
  - list of, 75
  - for medicine, 292–293
  - for radiology, 233
  - for surgery (–LT and –RT), 75, 88
- Modifiers, CPT, 54–61
  - for ABN waiver, 254, 374
  - for anesthesia, 41, 47
  - in CPT code book, appendix A, 16, 54
  - to define service further, 382
  - for E/M services, 322–324, 326, 331–332, 337, 346
  - for genetic testing codes, 17
  - for medicine, 271, 272, 279, 282, 283, 289, 292–293
  - for pathology and laboratory, 245, 247, 249, 253–254
  - for physician claims, 54–61
  - for radiology, 231, 232–235
  - for surgery, 73, 74–75, 81–82, 88, 96, 97, 100–101, 105, 106, 112, 115, 143, 147–149, 154, 170, 171, 173, 175, 184, 186
- Modifiers, CRNA, 41
- Modifiers, HCPCS, 12, 62–63
  - for anesthesia, 45
  - component billing, 376
  - Level II anesthesia, 41
  - Level II E/M, 45, 324
  - Level II radiologic, 233
  - Level II technical component (–TC), 63, 233, 282, 292, 376
  - for medicine services, 293–294
  - for radiology, 230, 233, 376
  - for surgery, 178, 199
- Modifiers list
  - AA, anesthesia services performed personally by anesthesiologist, 41, 45, 62
  - AD, medical supervision by a physician: more than four concurrent anesthesia procedures, 41, 62
  - AI, principal physician of record, 62
  - AP, determination of refractive state not performed in the course of diagnostic ophthalmological examination, 292
  - AT, acute treatment, 292
  - E1–E4, eyelids, 63, 75, 198, 378
  - EJ, subsequent claims for defined course of treatment, 292
  - F1–F4, left hand digits, 63, 75, 233, 293, 378
  - F5–F9, right hand digits, 63, 75, 233, 293, 378
  - FA, left hand thumb, 63, 75, 233, 293, 378
  - FP, service provided as part of Medicaid family planning program, 324
  - G6, ESRD patient, 292
  - G8, monitored anesthesia care (MAC) for deep complex, complicated, or markedly invasive surgical procedure, 41, 46, 62
  - G9, monitored anesthesia care (MAC) for patient who has history of severe cardio-pulmonary condition, 41, 46, 62
  - GA, waiver of liability statement on file, 62, 254, 324, 374
  - GC, service performed in part by a resident under the direction of a teaching physician, 45, 62, 324

- GE, service performed by a resident without the presence of a teaching physician under the primary care exception, 62, 324
- GG, performance and payment of a screening mammogram and diagnostic mammogram on the same patient, same day, 62
- GH, diagnostic mammogram converted from screening mammogram same day, 62, 233
- GX, notice of liability issued, voluntary under payer policy, 62, 374
- GY, item or service statutorily excluded or does not meet the definition of any Medicare benefit, 62, 374
- GZ, item or service expected to be denied as not reasonable and necessary, 62, 374
- LT, left side, 63, 75, 88, 233, 292, 378
- P1, normal healthy patient, 40, 61
- P2, patient with mild systemic disease, 40, 61
- P3, patient with severe systemic disease, 40, 61
- P4, patient with severe system disease that is a constant threat to life, 40, 61
- P5, moribund patient who is not expected to survive without the operation, 40, 61
- P6, declared brain-dead patient whose organs are being removed for donor purposes, 40, 61
- Q5, service furnished by a substitute physician under a reciprocal billing arrangement, 62, 324
- Q6, service furnished by a locum tenens physician, 62, 324
- QK, medical direction of two, three, or four concurrent anesthesia procedures involving qualified individuals, 41, 45, 62
- QS, monitored anesthesia care service, 41, 46, 62
- QW, CLIA waived test, 62, 245, 254
- QX, CRNA service: with medical direction by a physician, 42, 45, 62
- QY, medical direction of one certified registered nurse anesthetist (CRNA) by an anesthesiologist, 41, 62
- QZ, CRNA service: without medical direction by a physician, 42, 45, 63
- RT, right side, 63, 75, 88, 233, 292, 378
- SA, nurse practitioner rendering service in collaboration with a physician, 63
- SB, nurse midwife, 63
- T1-T4, left foot digits, 63, 75, 233, 293, 378
- T5-T9, right foot digits, 63, 75, 233, 293, 378
- TA, left foot, great toe, 63, 75, 233, 293, 378
- TC, technical component, 63, 233, 282, 292, 376
- XE, separate encounter, 82, 143, 233
- XP, separate practitioner, 82, 143, 233
- XS, separate structure (or organ), 82, 143, 233
- XU, unusual non-overlapping service, 82, 143, 233
- 1P, exclusion to performance measure, 12
- 2P, exclusion to performance measure, 12
- 3P, 12
- 8P, 12
- 22, increased procedural services, 41, 54-55, 74, 148, 178, 225, 232, 253, 381
- 23, unusual anesthesia, 41, 55, 74
- 24, unrelated evaluation and management service by the same physician during a postoperative period, 55, 322, 326, 332
- 25, significant, separately identifiable evaluation and management service by the same physician on the day of a procedure or other service, 169, 170, 283, 289-290, 322-323, 326, 332, 336, 344, 347, 378
- 26, professional component, 55-56, 74, 161, 232, 253, 272, 282, 292, 376
- 27, as being reserved for facility use only, 54
- 32, mandated services, 56, 253, 323, 336
- 33, preventive services, 56
- 47, anesthesia by surgeon, 56, 74, 169, 170, 171
- 50, bilateral procedure, 54, 56, 74, 88, 113, 115, 135, 154, 160, 163, 190, 199
- 51, multiple procedures, 14, 17, 41, 56, 73, 74, 88, 100, 105, 106, 112, 126, 143, 149, 161, 163, 184, 186, 199, 203, 279, 282, 292
- 52, reduced services, 56-57, 74, 147, 170, 232, 253, 271, 292, 381
- 53, discontinued procedure, 41, 57, 74, 145, 232, 292
- 54, surgical care only, 54, 57, 74
- 55, postoperative management only, 57, 74
- 56, preoperative management only, 57, 74
- 57, decision for surgery, 57, 74, 323, 326, 332, 336
- 58, staged or related procedure or service by the same physician during the postoperative period, 57-58, 73, 74, 81, 163, 378
- 59, distinct procedural service, 39, 41, 47, 48, 58, 73, 74, 82, 135, 143, 232-233, 253, 292, 378

- 62, two surgeons, 58, 74, 230
- 63, procedure performed on infants less than 4 kg, 17, 58, 74
- 66, surgical team, 59, 74, 231
- 73, discontinued outpatient hospital/ambulatory surgery center (ASC) procedure prior to the administration of anesthesia, 54, 232
- 74, discontinued outpatient hospital/ambulatory surgery center (ASC) procedure after administration of anesthesia, 54, 232
- 76, repeat procedure or service by same physician or other qualified health care professional, 59, 73, 74, 292
- 77, repeat procedure by another physician or other qualified health care professional, 59, 73, 74, 292
- 78, unplanned return to the operating/procedure room by the same physician or other qualified health care professional following initial procedure for a related procedure during the postoperative period, 59, 74, 378
- 79, unrelated procedure or service by the same physician during the postoperative period, 59–60, 72, 73, 74, 378
- 80, assistant surgeon, 60, 74
- 81, minimum assistant surgeon, 60, 74
- 82, assistant (when qualified resident surgeon not available), 60, 74
- 90, reference (outside) laboratory, 60, 253
- 91, repeat clinical diagnostic laboratory test, 60, 247, 253, 378
- 92, alternative laboratory platform testing, 60, 253
- Modifiers, missing, 406
- Modifiers, physical status, 40, 43, 61
- Monitored anesthesia care (MAC), 46–47
- Monitoring coding functions and errors, 427–429
- Multiple codes, indented information for procedures requiring, 15
- Multiple gestation, 178
- Multiple surgical procedures, claims-generation guidelines for, 380–381
- Multiple wound repairs, 82
- Musculoskeletal system subsection of surgery, 96–107, 112
  - common coding errors for, 428
  - general codes for, 96
  - HCPCS codes for, 106–107
  - modifiers for, 100, 105–106
- Myocutaneous flap, 86–87
- N
- Narcosynthesis, 267–268
- Nasal polyps, 110. *See also* Polypectomies
- National Codes, 301–304
  - for intravenous drug and supplies furnished by physician, 303
  - as Level II of HCPCS, 11
  - process for assigning, 302–303
  - required for Medicare claims, 302
  - sections of, 302
  - to specify radiopharmaceutical agent, 231
- National Committee for Quality Assurance (NCQA), 3
  - standards for basic elements of health records set by, 3, 8–9
- National Correct Coding Initiative (NCCI) edits
  - in claims-processing systems of Medicare contractors, 432
  - denial messages for application of, 378
  - development of, 377–378
- National Coverage Determinations (NCDs), 373
- National Physician Fee Schedule Relative Value File
  - as electronic *Federal Register*, 366
  - example of, 366
  - status indicators in, 374
- National provider identifier (NPI) of
  - physician or provider for covered entities, 378–379
- Nature of presenting problem as contributing E/M component, 313
- Nebulizer treatment, 280
- Needle core biopsies, 88
- Negotiated fee schedule, 365
- Neonatal critical care, 348–350
- Neonates, neonatal critical care for
  - inpatient, 338, 348–350
  - outpatient, 338, 348
- Neoplasms, benign and malignant, 81
- Nephrectomy, 161
  - laparoscopic, 161
- Nephrolithotomy to remove urinary stones, 160
- Nerve conduction studies (NCS), 282
- Nerve graft, 191
- Nervous system subsection of surgery, 181–191
  - modifier for, 184–185
- Neurology and neuromuscular procedures, 281–282
  - HCPCS codes for, 294
- Neurolytic injections, 189
- Neuroplasty, 191
- Neurorrhaphy, 191
- Neurostimulators, 185–186, 282
- New and emerging technologies, Category III CPT codes for, 12

- New patient defined for E/M services, 311–312
  - for domiciliary, rest home, or custodial care services, 340–341
  - for home services, 341–342
  - for office or other outpatient services, 324–328
  - for preventive medicine services, 344–346
- New patient defined for ophthalmology, 269
- Newborn care, 348–351
- Newborn resuscitation services, 348
- Non-face-to-face nonphysician services, 346–347
- Noncovered service, assigning code for, 432
- Noninvasive vascular diagnostic studies, 279
- Nonneurolytic injections, 189
- Nonphysician services, billing, 19
- Nose, 110–112
- Nuclear medicine, 231–232
  - applications of coding for, 231–232
- Null zero (Ⓢ) to designate non-add-on code exempt from using –51 modifier, 14
- Number of diagnoses or management options for medical decision making, 317
- Numerical sequence, CPT codes not in, 17
  - appendix N of CPT code book listing, 17
  - symbol # indicating, 14
- Nursing facilities, physician supervision of patients for, 339–340
- Nursing facility services
  - discharge services as, 340
  - initial nursing facility care for, 339
  - subsequent care using key components in, 340
- Nursing facility setting for charges, 20
- O
- Observation area setting for charges, 20
- Observation or inpatient care services (including admission and discharge services), 331
- Observer to assist with conscious sedation, 291
- Ocular adnexa, 198–199
  - modifiers for, 198–199
- Ocular implant, 198
- Ocular prosthesis, 271
- Office of Inspector General (OIG)
  - audit size recommendations by, 426
  - compliance program guidance documents of, 432–433
  - website of, 433
- Office or other outpatient consultations, 335
- Office or other outpatient services category, 324–328
  - for established patient, 325–326
  - modifiers for, 326–328
  - for new patient, 325
  - preventive medicine services distinguished from, 343–344
- Office service report, 401–402
- Office visit
  - in addition to immunotherapy, 281
  - level of, 24, 424
- Omentectomy, 177
- On-site testing for pathological and laboratory section, 244
- Online digital evaluation and management, 290, 346
- Oophorectomy (ovariectomy), 177
- Open prostatectomy, 158
- Operating microscope
  - for eye and ocular adnexa, and auditory system procedures, 198
  - for larynx procedures, 113
  - in male genital system procedures, 168
  - in neural repair, 191
  - in posterior segment procedures, 198
- Operative report
  - coding from, 26
  - lesion measurement taken from, 80
  - reviewed in assigning endoscopy/arthroscopy codes, 105–106
  - reviewed in assigning flap codes, 87
  - reviewed in assigning proctectomy codes, 148
- Ophthalmology, 269–271
- Ophthalmoscopy
  - extended, with retinal drawing, 270–271
  - ophthalmologic services erroneously reported as, 270–271
- Optical endomicroscopy, 144
- Orbital implant, 198
- Orchiectomy, 168
- Orchiopexy, 170
  - with hernia repair, 153
- Organ or disease-oriented panels, 246
- Organ systems documented in physical examination, 6–7
- Organizations and agencies directing health record content, 3
- Osteopathic and chiropractic manipulative treatment, 289–290
  - modifiers for, 289–290
- Other evaluation and management services, 353
- Other procedures for integumentary system, 87
- Other services and procedures for medicine, 291
- Outpatient hospital setting for charges, 20
- Outpatient services, basic coding guidelines for, 27–30
- Ovary, 176–177
- Oviduct, 176

- P
- Pacemaker or pacing cardioverter-defibrillator, 120, 123–124
  - Pain management services, 47–48
  - Pap smears, 249–251
  - Participating provider agreements, 369
  - Past medical, family, and social history (PFSH) in history component of E/M service, 315–316
  - Pathology and laboratory section, 18, 244–255
    - alphabetic index main terms for, 244
    - guidelines for subsections of, 246–252
    - HCPCS codes for, 253–255
    - modifiers for, 245, 247, 249, 253–254
    - quantitative and qualitative studies for, 246
    - structure and content of, 244–245
  - Patient contact, face-to-face, for prolonged services, 342
  - Patient record as audit tool, 425
  - Patient self-management, education and training for, 290
  - Patient transport, physician attendance during, 348
  - Payer remittance report, 383, 406–410
    - coder and biller as team for, 409–410
    - codes and code edits for, 407–409
  - Payer-specific guidelines for procedures, supplies, and services, 371, 373–378
  - Payers, primary and secondary, 381
  - PCI. *See* Percutaneous coronary interventions (PCI)
